IEEE Region 6 OpCom Meeting
by David E. Gonzalez

February 7-9, 2020: Region 6 Operations Committee (OpCom) meeting took place at the Embassy Suites near Los Angeles Airport with representatives from all across Region 6 showing up.

IEEE-USA president James Conrad and past president Tom Coughlin were some of the many members that showed up for this great and informative meeting. There were many topics discussed, from budgets to plans for upcoming triennial IEEE Global Sections Congress. Various area representatives also shared news about what their area have been up to and they also share recommendations and best practices. Our area representative, Charlie Jackson (lower left hand corner), shared how the Inland Empire IEEE Foothill section uses a predetermined budget for our societies, activities, and student branches to make it easier to put on events. Your section chair can be found in the first row in tan jacket next to the IEEE-USA president James Conrad. Our past section vice-chair Alberto Tam Yong also attended and can be found third to the left of our section chair. All in all, it was a great opportunity to get the word out to all the other sections in Region 6 on what we here in our section have been doing and the activities we have been involved with in our community.

Election Results

Chair : David González
Vice-Chair: Scott Wedge
Secretary: William Smit
Treasurer: David Smit
Awards & Recognition: Alberto Tam Yong
Educational Activities: Osman Ceylan
Power & Energy Society: Sean Monemi
MTTS/APS: Max Cherubin
Communications Society: Frank Freyne
Nano Tech: Jenny Yu
Women in Engineering: Jackie Kelley
Young Professional: Richard Carrasco
Consultant Network: Cash Sutton III

February ExCom Meeting
Executive Committee Meeting held at California Baptist University on Feb. 11, 2020 with 21 attendees and one on remote.

FHCN Monthly Meeting
Foothill Consultant Network on their regular monthly meeting, every first Wednesday, held at DeVry University on Feb. 5, 2020.

AWS Hackathon
The Computer Science and Engineering Club hosted yet another Hackathon at California State University, San Bernardino. The event took place on February 21 and 22, opened to all college undergraduates. Pizzas were provided by ITS and candy/snacks by the CSE Club. The best teams received fantastic prizes!

WiE Faculty Research Seminar
On Feb. 28, Women in Engineering at CSUSB hosted their second annual Faculty Research Seminar. Faculty shared their personal research and findings. Students learned more about the faculty at CSUSB and about their different research studies. It was also a great opportunity for everyone to network and share their thoughts and ideas.
